

FOR HRCC SVDP

\$3.00

\$33.00

At this time during the pandemic there are a lot of hurting people financially and otherwise and there are a variety of programs and resources provided by the city, county, state, and federal governments. However, not everyone qualifies and because they are new, nearly no one knows about them. Since our inception nearly 2 years ago our focus has been on stopping evictions and keeping the utilities on for the poor in our community. We have done this by providing financial assistance, providing resources and educating people but most of all by being there for hurting people. We are a group of committed Christians growing in our knowledge of God by responding to the needs of the poor.

The HRCC SVDP would like your support for our HRCC Address, Three or Thirty-Three Fund Raising Campaign. For every individual in your home you can donate \$3.00 each or you can make a one time donation of \$33.00 dollars. You can donate by using the E-giving tab on the HRCC website or you can write a check and mail it to the Church.
